No enough wall outlets?

The big plugs always block the other outlets?

This power strip will sextuple the available outlets and allow you to charge your appliances simultaneously.

Wide Spaced Outlets

6 widely spaced ac outlets are separated with enough space to fit big plugs without blocking each other. The compact size and stylish design are ideal for a desk power strip or nightstand usb charging station in your home and office.

USB Fast Charging

3 high-powered USB ports would assign ideal current intelligently for your smart phone or tablets. Compatible for Apple iphone/ipad all series products, Samsung Galaxy, Huawei and other USB devices.

Power Strip with Circuit Breaker

Built-in Circuit Breaker safeguards your expensive appliances from overload, short circuit, voltage fluctuations.

Space Saving Compact Power Strip

The compact size saves much space and organizes various cords at home or working area.

ETL Power Strip

ETL listed and made of the top-grade UL94 V-0 flame-retardant material. safeguards your computers, phones & office equipment from potentially damaging power disturbances, creating peace of mind.

Short Cord Power Strip

The power cord is made of 14AWG pure copper, which is very thick and has better current carrying capacity (15A). The 4ft extension cord is available for most devices.
