Tessan Cube Power Strip with USB Ports

Tired of using your old-style and space-wasting power strip? Try this one!

This compact power strip offers ultimate convenience and protect various electrical appliances from electrical short circuit, overheat, overcharging, over current, etc.

4 Widely Spaced Outlets and 3 USB Ports

1 widely spaced outlets are separated with enough space to fit big plugs without blocking each other. 3 high-powered USB ports would assign ideal current intelligently for your smart phone or tablets.

Right Angle Flat Plug

The flat plug features a low profile fits easily in tight spaces, and the 45 degree angled plug to keep other outlets free, is the ultimate space-saving power strip for your home, hotel, dorm room, or travel.

Desktop Power Strip

The 5ft cord on this strip is flexible enough to be settled in various places like the desk in the office or nightstand at home. The 4 rubber feet on the bottom keep from slipping and sliding.

Circuit Breaker

Built-in Circuit Breaker safeguards your expensive appliances from overload, short circuit, voltage fluctuations.

Cruise Ship Approved without Surge Protector

Surge protectors are not allowed on cruise, this power strip without surge protection is an ideal choice for your carnival cruise ship to extend outlets from cabin. Not for Royal Caribbean cruise as they do not allow extension cords of any kind.

Wall Mountable

Mount this usb power outlet on the wall would be easily by 2 slots on the back.

Step by Step:

1. Measure the distance between the 2 slots with the vertical and horizontal direction on the back of the power bar.
2. Punch 2 holes on the baseboard with the distance you just measured and insert two self-tapping screws(PA2.5 to PA3.5)
3. Hang the outlet strip on the screws then pull it down a little to make sure the strip is tight.

Specification

Voltage Compatibility:

100~240V AC 50/60Hz

Max. Power Rating:

1250W (125V~ 10A)

USB Charger:

DC 5V 2.4A each port, 3A 15W in Total

Cord Length:

5 ft/1.5m

Cord Specification:

18AWG/10A

Item Dimensions:
