- 18 month warranty

Tessan Small Power Strip with 3 USB for Travel, Cruise Ship

Need more power outlets? Now you don't have to be upset about choosing which item to be charged first. This Mini Power Strip is an ideal solution for your business trips, vocation, school project, etc.

2 Widely Spaced Outlets

Separated enough to fit big plugs without blocking each other, perfect for oversized transformer plugs and laptop battery chargers.

USB Power Hub

3 USB ports intelligently detect your device to boost charging speeds up to 2.4A per port (max). Compatible with phones, tablets, headphones, portable chargers, and more.

Super Mini for Travel

Just as small as a power bar, so you can easily fit this lightweight power strip into your laptop bag or carry-on. Despite the compact size, it has 2 outlets and 3 USB ports available for your all devices to recharge at the same time.

Cruise Ship Approved Power Strip

Surge protectors are not allowed on a cruise, this power strip without surge protection is an ideal cruise essential for your carnival cruise ship to extend outlets from cabin. Not for Royal Caribbean cruise as they do not allow extension cords of any kind.
