Multi Plug Outlet Extender with 2 USB 3 Outlets - Non Surge Protection & Cruise Ship Approved

This MUST-HAVE Cruise Accessory will triple the available outlets in your Cruise Cabin. You'll find most cabins have only two available wall outlets! BUT you have many devices that need charging. Our Travel Power Strip is your perfect solution.

IMPORTANT: Cruise lines require that power strips DO NOT have Surge Protection and many prohibit Extension Cords. Our model was made specifically to adhere to these rules. It is the only cruise-specific Non surge protected travel power strip you'll find to comply!

Your Travel Power Strip takes up very little packing space and easily fits into the palm of your hand. It's three-prong plug fits into the top socket so as to keep the lower one free to use. The two USB outlets and 3-prong sockets are perfect for all of your electrical items.

Cell phones Laptops iPads and tablets Kindle or other eReader Gaming devices Hair dryers.

When you return home from your cruise, the device will continue to serve as a great product to provide extra power to those areas in your house with few outlets.

Traveler's Best Friend

You can NOT bring surge protectors and most ship cabins have limited outlets available and no USB ports. This compact and portable outlet extender without surge protection was made specifically to adhere to these rules so it's fully cruise ship approved.

Guide you in the dark

The warm night light faces down, so it'll never hit you directly in the eye. It can be used in any indoor place to light up your path or surrounding area to bring you convenience and security in darkness. It's available in anywhere like bedroom, bathroom, kitchen, hallway, stairway, etc.

USB Charging Station

2 USB ports detect your devices automatically and deliver the fastest charging speed up to 2.4A total. You can even put your mobile phone or tablet on the top while charging.

Enjoy Leisure While Cooking

Triple your outlet capacity with 3 AC outlets that can handle all your electronics. Stream your favorite TV and enjoy cooking! Max power 1875W, suitable for most home appliances like TV, PC, microwave, toaster and etc.

Dusk to Dawn Night Light

The auto sensor night light automatically adjust brightness according to ambient lightning, it also can be shut off by a switch. Rated only 0.3W, this warm night light feels cool even stays on over night, cost less than 30 cents annually.

Safety is the No.1 Priority

Certified by FCC and RoHS, high-quality fire-resistant and ABS material makes it fireproof of up to 750 °C. Our multi protection safety system ensures complete protection from electrical short circuit, overheat, overcharging, over current and etc.
